NEWSPAPER ARCHIVE

**The Oregonian**  
PUBLISHED EVERY MORNING  
PORTLAND, SATURDAY, DEC. 28, 1889.  
ORIGINALLY  
Considerable snow has fallen since the morning of the 27th. The morning snow was a heavy one, and the day was a very cold one. The snow was a heavy one, and the day was a very cold one. The snow was a heavy one, and the day was a very cold one.

**AN UNRECORDED CLAIM**  
In one of the telegrams of your paper is a notice of a claim for a large sum of money. The notice is a notice of a claim for a large sum of money. The notice is a notice of a claim for a large sum of money.

**Lovers have trials in Oregon just the same as anywhere else.** A young man living at Westport fell in love and his father objected and drove him from home. Whereupon the young man went to the County Clerk, Trenchard at Astoria.

**WASHINGTON**  
Several fatal cases of diphtheria have lately occurred at South Bend. Several cases of typhoid pneumonia are reported from Shelton and the phiborhood.

**The Puget Sound Presbyterian has accepted the resignation of Rev. William B. Lee, D. D., pastor of the Presbyterian church in Olympia.**

**About 5000 bales of hops charged ownership within the past few days at Puyallup.** The ruling price obtained being from 5 to 35 cents a pound.

**The Satsop Mill Company has been getting out an order for some big stumps and recently they have been cutting them in the aggregate 100,000 feet the logs running from 30 to 110 feet in length, squaring two feet.**

**The capital stock of \$50,000 for the Chehalis National bank has been subscribed and the bank will be open for business February 1, 1890.** This is a move which means much for Chehalis, and Lewis county as well. While it will supply additional banking facilities to business men of the immediate vicinity, it will also provide a new and increased channel for borrowing money with which to open up and develop the many natural resources of Lewis county, making it more plentiful and thereby increasing its value.

**But perhaps the greatest good it will confer on the county generally, says the Chehalis Nugget, is that of interesting and attracting to this section of country outside capital and inducements.** While the larger share of the stock has been subscribed by individuals, much of it was subscribed by Portland, Tacoma and New York capitalists who have thereby gained an interest in our general prosperity, and who for their own profit will naturally direct other wealth and business to us.

**The following excellent advice to the builders of the Tacoma house is a good one.** It is a tendency to prevent the sections of such fire traps in Tacoma will have answered a benevolent purpose. The great wood in buildings such as the St James is a constant menace to the city. San Francisco, which is largely made of wood, finds its own safety largely through the use of fire insurance, fire department and constant vigilance. With this it is said that it is only a question of time when that city will witness such another conflagration as that which destroyed Chicago some years ago.

**Here, Tacoma frame structures are being erected.** No man or woman should consent to occupy the upper floors and certainly helpless children should not be compelled to do so. Some day some large tenement house will be built, and the people who live in it will be other other people than the inmates will not be so fortunate as they were on the occasion of the St James fire. The watchword should be build with brick and stone.

THE SEAL ISLANDS.

It is true, as reported from Washington, that an invitation to bid for the lease of the seal fisheries on the Pribilof Islands is about to be issued. The invitation is from the Secretary of the Interior, and is in the nature of a contract for the lease of the seal fisheries on the Pribilof Islands for two consecutive years. First, the United States government feels confident of coming to an amicable agreement with the chief maritime powers, by which seal fishery is secured on an honest guaranteeing to lease out an industry without guaranteeing protection against intruders, and second, that a renewal of the lease with the modification of terms reported from Washington about the number of seals to be killed, can only be looked upon as a move in favor of the present lessees. They alone, controlling as they do the world's supply of seal skins and being already possessed of the necessary plant and facilities for handling the catch, could afford to undertake the business upon the basis of a smaller catch than at present. The present annual output of seal skins is about 1,000,000. The present annual output of seal skins is about 1,000,000. The present annual output of seal skins is about 1,000,000.

was why they would not go to the assistance of  
the murdered man.  
At 1 o'clock this morning the jailer was called  
by some men, who informed him they wanted to  
look up the murderer of James P. Brown, killed  
last week by negroes. To open the heavy gate,  
he immediately overpowered, and fifty men en-  
tered the jail and took out the following persons:  
Ripley Johnson and Michael Adams, principals  
and accessories in the murder of J. C. Hoffman;  
Peter Bolt, Kate Morris, Hugo Farns, Judson  
Johnson, Robert Phoenix, and Judge Jones,  
the latter charged with the assassination of Robert  
Martin.

They were marched to the outskirts of the  
town and bound to trees. Masked men then  
formed a line at short distance from them and  
poured volley after volley into the bodies of the  
negroes. They were literally shot to pieces. The  
group was the first intimation the people of the  
town had of the trouble. It seemed then and  
the negroes would rise and avenge the lynching,  
and in response to a call the governor ordered  
two companies of military to prepare for an  
attack. The whites in town, however, have armed  
and are fully organized to-night. The town is  
reasonably quiet.

## GOING A LITTLE TOO FAR.

A Georgia Paper Administrator's Rebuke to  
the Zealous.  
ATLANTA, Ga., Dec. 28.—The Chronicle, referring  
to the lynching of negroes at Barrow, N.  
C., says to-morrow: "White  
men who seek to use force  
to suppress crime, violate the laws of  
God and their country. They are guilty of murder,  
and however revolting the crime supposed  
to have been committed by those upon whom their  
vengeance is wreaked, the men who take  
law in their own hands, who usurp  
places of justice and deny the  
principles of the state, and enemies to  
the most sacred rights and the only safeguards  
of the liberties of the people. The shooting of  
negroes, whether guilty or not, by bands of lawless  
whites, is brutal. It is a disgrace to our civil-  
ization and a scandal and shame to any com-  
munity that tolerates or permits such acts  
of lawlessness, inhumanity and crime."

## BUTCHERED IN THEIR BEDS.

Michigan Farmer Kills His Wife, Daughter,  
and Granddaughter and Himself.  
ROCHESTER, Mich., Dec. 28.—A cold-blooded  
triple murder was committed one mile north of  
Monroe, Mich., last night by William Major, who  
killed his wife, daughter and granddaughter.  
Major, who is 50 years old and a well-to-do farmer,  
was in bed with his wife and daughter when he  
killed them. He was found by a neighbor who  
killed his wife, daughter and granddaughter.  
Major, who is 50 years old and a well-to-do farmer,  
was in bed with his wife and daughter when he  
killed them. He was found by a neighbor who

Major then rushed into the room where his little  
son slept, and groped about the bed for him. The  
little lad had crawled under the bed for safety,  
and as he heard his father searching the room he  
said: "Are you going to kill me too, papa?"  
No, my son," replied the murderer, "do not be  
alarmed, I will not hurt you. When I am dead,  
you get up, and I will leave you, and divide it  
with your sister." Then he returned from the  
house.

The boy gave the alarm as soon as he could and  
the neighbors found Mrs. Major still alive. She  
could not survive, however. The other two were in-  
stantly killed. Mr. Major's body was today found in a barn.  
He had committed suicide by hanging.

## Furnished to Heavy Damages.

SEABOARD, Fla., Dec. 28.—Mrs. Margaret Ed-  
wards, who in company with her husband, Ed-  
wards, was murdered by a mob last summer  
on suspicion of having murdered and concealed  
the remains of little Willie Edmonds, has brought  
suit against T. N. Tilton, leader of the mob, and  
sixty-two of his followers for \$25,000 for injuries  
received at their hands. Mrs. Edwards and her  
husband were hung by the neck several times, and  
his body was severely injured, in an effort to make

them reveal the places where they had hidden the  
remains of the child. The child afterward was  
found on the doorstep of a neighboring house,  
totally unharmed.

## INFLUENZA IN THE AIR.

Oregon, Washington and California At-  
tacked—It Often Repeats Itself.

CHICAGO, Dec. 28.—The first fatal case of acute  
influenza in this city was reported to the health  
office to-day, the victim being Mrs. Julia Ingalls,  
aged 72. Health Commissioner Wickham said he  
doubts very much if it was the Russian dis-  
ease, but of course could not go behind the  
report. Officials in the health department  
generally are inclined to ridicule the notion  
that the influenza which is spreading very rapidly  
here is the foreign article. They say its presence  
can be explained by the unseasonable weather  
and excessive humidity of the atmosphere.

On the other hand, many practicing physicians  
report an alarming number of cases of acute  
influenza, and several of them who rank high in  
the profession are convinced that the disease has  
been introduced here by the Italian opera company  
or two members of the Italian opera company  
are afflicted.

New York, Dec. 28.—There has been a large and  
sudden increase in the number of deaths from  
bronchitis and pulmonary disease during the  
week and many physicians attribute this to the  
influence of the so-called Russian influenza. The  
number of deaths in this city during the week  
from pneumonia has been 192, against 67 last  
week; 181 from phthisis, against 97 last week; 50  
from bronchitis, against 40 last week. The total  
number of deaths this week is 762, last week, 666.

La grippe is officially ignored at the sanitary  
headquarters in this city. When the case of the  
Klamath family, who were stricken down with  
it, was reported, Surgeon-General Hamilton tele-  
graphed from Washington asking for an official  
report upon the report of the sanitary in-  
spectors. Health Commissioner Bryant dictated a  
reply, saying that there was no evidence of the  
existence of an epidemic in this city.

La grippe, however, has not reached the health  
officials. President Wilson of the board of  
health, is represented by Dr. Statutory Superintendent  
Wing is down with it, and half the other offi-  
cials of the department are suffering from it.  
Unofficially the representatives of the health de-  
partment say there are probably 60,000 persons in  
New York suffering from more or less severe  
attacks of influenza, but they refuse to give it  
official recognition.

In all there are eighty-one members of the  
Brooklyn police force suffering from la grippe to-  
day.

Detroit, Dec. 28.—Influenza is prevailing here  
to an alarming extent. Over 6000 persons having  
suffered more or less from it. The working force  
of many stores is crippled, and a number of  
people are laid up. The disease has not proven  
fatal in any case.

## OTTERA, CAT.

OTTERA, Cat. Dec. 28.—A large number of persons  
in and around this city are afflicted with  
a mild type of influenza, which appears in almost  
every case to be complicated with pneumonia and  
neuritis.

## BONAVILLE, DEC. 28.

BONAVILLE, Dec. 28.—John Tripplehorn, Coal-  
dealer, of the Columbia bank, died this morning  
at his residence of la grippe. Coalidge was  
one of the oldest bank presidents in Boston.

Is that of Miss Irwin, of the Irwin sisters, mem-  
bers of the Howard-Alcove specialty company.  
Miss Irwin has been confined to her hotel for  
several days.

## A FAMO IN FAIR.

PARIS, Dec. 28.—The number of deaths from in-  
fluenza is increasing, and the residents of the  
city are beginning to manifest a panicky feeling.  
The condition of Dr. Prochot, minister of war,  
who is suffering from the disease, has changed  
for the worse. Dr. Brouardel and Prout have  
been attacked, and their condition is serious.

## GOOD MEN FOR THE ARMY.

Effect of New Recruiting Rules—Forgiveness  
for New Gains.  
WASHINGTON, Dec. 28.—[Special Telegram.]—  
Proctor's new regulations regarding recruiting  
for the army are reported as operating well.  
During the last three months a net gain of 125  
has been made in the strength of the army, though  
the quota is still 645 short. All the recruits pre-  
sented themselves as the very best men. The  
recruiting officers are enforcing the six day  
probationary period on all recruits about whom  
there is any question.

Secretary Proctor, Senator Merrill, and others,  
on Monday will visit the Bethlehem Iron Works  
Company at Bethlehem, Pa., to inspect the  
plant of this company. It has a contract with  
the war department amounting to nearly one  
and one-half million dollars for steel forgings for  
new guns.

## OREGON PENSION EXAMINERS.

Representative Hermann was called at the pen-  
sion department to-day with a voluminous list of  
business for Oregon old soldiers. He has been  
making an effort for the establishment of pension  
boards in various towns in Oregon to facilitate  
and lessen the expense of medical examinations,  
and to save and to obtain the appointment of  
the following boards: Drs. E. P. Geary, Roland  
Price and Joseph H. Wait, for Medford, Jackson  
county; Dr. J. C. Shumaker, Roseburg, Douglas  
county; Dr. J. Dorsey Spooner, Coquille city,  
Coos county; Dr. H. Petro, Arlington, Gilliam  
county; Dr. I. N. Crowell, Union, Union county;  
Dr. L. N. Woods, H. B. Stanley and B. J.  
Kitchin, Dallas, Polk county; Dr. W. F. Souper,  
Astoria; Dr. Thaddeus J. Dean, Joseph, Wallowa  
county; Dr. P. W. Van Dyke, Grant's Pass.

A Thousand Women in the White House  
WASHINGTON, Dec. 28.—[Special Telegram.]—  
About 1000 young lady school teachers from  
New York, Pennsylvania and New England, who  
are here on an excursion, called at the White  
house to-day to attend the regular Saturday re-  
ception of the president's hostess. She was absent  
from the city. Mrs. Harrison directed that the  
entire lower portion of the house be thrown open  
for their inspection.

San Francisco Real Estate.  
SAN FRANCISCO, Dec. 28.—[Special Telegram.]—  
Closing a report of real estate transactions in  
the city for the year, a local real estate journal  
says: The year closes on a stringent money mar-  
ket, chiefly caused by the fact that the tax col-  
lector has just drafted from the city over four mil-  
lions of money, on account of some five millions  
in all to be paid for city and state taxes. Money  
for this reason is always tight at this season of  
the year. Added to this is the fact that interest  
has lately been very high at New York, and much  
money has therefore been sent here to that great  
market. Real estate sales of all kinds are slow  
and at saving banks at 4 to 7 per cent per year,  
the banks holding the mortgage tax.

## Mr. Harrison's Address Home.

WASHINGTON, Dec. 28.—The president and party  
arrived in this city at 11 o'clock to-night.

East Time.

cago. No change of cars and twenty-five  
miles the shortest route to Chicago. Tourist

senger and ticket office, No. 121 First street,

## THE EAST SIDE.

A peculiar case was on trial in Justice Bol-  
lock's court yesterday that attracted consid-  
erable attention. Ephraim V. Wright, who re-  
sides near the six shops, was arrested and  
arraigned under the new dog law passed by  
the legislature, charged with having shot and  
killed a shepherd dog valued at \$25, the  
property of Thomas Jenkins. The new law  
referred to makes dogs property, and the  
prosecution endeavored to show that the  
defendant had committed a felonious act in  
killing the dog. It was practically admitted by  
the defense that Wright killed the dog,  
but claimed that under the statutes he was  
justified. The animal had chased the de-  
fendant's chickens and hogs on several occa-  
sions. He therefore put an end to the  
trouble by killing the dog. Justice Bollock  
discharged the defendant under that provision  
of the statute which provides that a dog  
may be killed whenever it is known that the  
animal is given to chasing or annoying stock.

## NEW YEAR'S EDITOR.

The new year's edition of THE OREGONIAN  
will contain a list of the buildings and im-  
provements of the year 1889, and also a re-  
view of the advancement made on the East  
side. Those desiring copies of this number  
may leave their orders with O. N. Rankin,  
route agent, or F. H. Gardner.

## WILL TRINE HOME A WIFE.

Mr. William Trine, of the phone addition,  
has gone to Spokane, Pa. He is informed  
quite a number that he would come back  
about New Year's with a wife. His cordial  
friends will give him and his bride a cordial  
greeting when they arrive.

## THE STARK STREET FERRY.

The Stark street ferry, being repaired in the  
Williamette ship yard, will be ready for  
launching about Monday.

No attempt has yet been made to ascer-  
tain whether anyone was drawn from the  
steamer Winder, Christmas morning. Sev-  
eral heard the cry for help.

The Oregon Land Company is engaged in selling city property and farming, stock and fruit lands. We can sell you inside property having four street car lines within a radius of 175 feet, in Salem; for \$75 the front foot; building lots 40x150 feet, within six blocks of the business center, for \$30, and the finest residence lots in Salem, on the street car line, in Highland addition, for \$250, with building contract. We can sell you five acres of the best fruit land, all cultivated and within four miles of the state house, for \$70 per acre. We can sell you a good farm, well improved, within ten miles of the capital, for \$35 per acre, and unimproved land for \$15 per acre.

In Astoria we can sell you two-acre blocks near the motor line for \$250 per acre. Each block measures 22 lots. Also city lots in Albany and farming lands in the surrounding country. These cities are all growing and prosperous. Salem has had 17 new brick stores, put up inside of one year; five miles of street railway, built and put in operation, and two miles more of electric street railway in process of construction. Astoria is destined to be the greatest seaport on the Pacific Coast, and lots now selling for one hundred dollars will bring one thousand dollars in one year.
